

Meet Samantha

Hi, my name is Samantha. I am 22 years old - and so foxy. I was born in the Czech Republic, but now I live in Austria. I devote all my sexual energy to my job as a webmistress and 'eroticac-tress'. I run my own website (www.exxxhaust.com) and have also finished my first video "Samantha - Born to be wet".

But I don't just pose in front of the camera, I do have these warm wet feelings for real. Since I was a teenager, I have loved watersports, and I enjoy pissing my pants,

peeing in public, or pissing together with a girlfriend. I was just 18 when my friend gave me a pair of panties with red lace for my birthday. It was a hot summers day and one of our friends was having a barbecue party at a lake nearby. The beer was cooling down in the water and after having two of them I urgently had to pee. But I didn't want to go in the bushes like the others, because of all the mosquitos.

At this time I was still quite a shy girl, and never in my wildest dreams would I have

pissed in front of the others. But after having my third beer my bladder was so full and I had to hurry. What should I do?

At last I had an idea. I sat down on the grass, lifted my sundress just a bit and simply started piddling - a bit tipsy and in good mood. What an overwhelming feeling it was just to let my pee flow! My panties were drying quite well in the mild summer wind but got wet again and again as I drank more bottles of beer. And every time I just pissed my panties.

After that experience I have done this many times - I just love peeing outdoors, always with a secret desire to get caught by another wet fan. And the strong flow of hot piss in my panties always gives my pussy a great massage and an incredible orgasm.

Another favorite of mine is wearing pantyhose without panties. I love to let it flow when I take a walk. The piss feels so hot as it runs through the nylon, and down my legs to my tiptoes. I always feel so naughty and sexy when the wet fabric rubs between my thighs. Sometimes I have a drink in a cafe and then start rubbing my wet pussy under my skirt. I then carefully pull my skirt out from underneath me, and piss my pantyhose. Often I even flirt with the guy at the next table while I'm wetting myself.

It is such a pity that I have never been caught yet, but as my site is getting more popular the chances are getting better that one day some of my members will recognize me while I'm pissing on one of these bistro chairs. What a great and horny feeling that would be!

I look forward to get your feedback about my pics or my video. Your stories and ideas are also very welcome.
